wear a mask to protect those around you.

Nasal Swab (PCR) Test - FREE

- Results available within 72 hours or less.*
- Providers will contact patients via text message with positive or negative results.
- The FDA issued Emergency Use Authorization (EUA) to Thermo Fisher for this COVID-19 diagnostic test (TaqPath COVID-19 Combo Kit).

* Exceptions may apply with inconclusive results.

The PCR test is covered by insurance or submitted for reimbursement through the CARES Act.

Optional Rapid Blood Antibody Test - \$50

Can determine if someone was PREVIOUSLY infected.

- Results available within 5-10 minutes of being administered
- The COVID-19 IgG/IgM (Whole Blood Serum/Plasma) Rapid Test Device utilizes lateral flow technology that is used for the qualitative, differential detection of both anti-SARS-CoV-2 IgM and IgG antibodies. This test is intended to screen patients, symptomatic or asymptomatic, for COVID-19.

Sensitivity: IgG 97.2%; IgM 87.9%
Specificity: IgG 100%; IgM 100%

- Registration on-site.
- Patients can meet with on-site provider before testing.
