10-Brave to 11-Clean: 523 ft at 50 degrees

11-Clean to 12-Reverent: 872 ft at 0 degrees

Notes and Tips

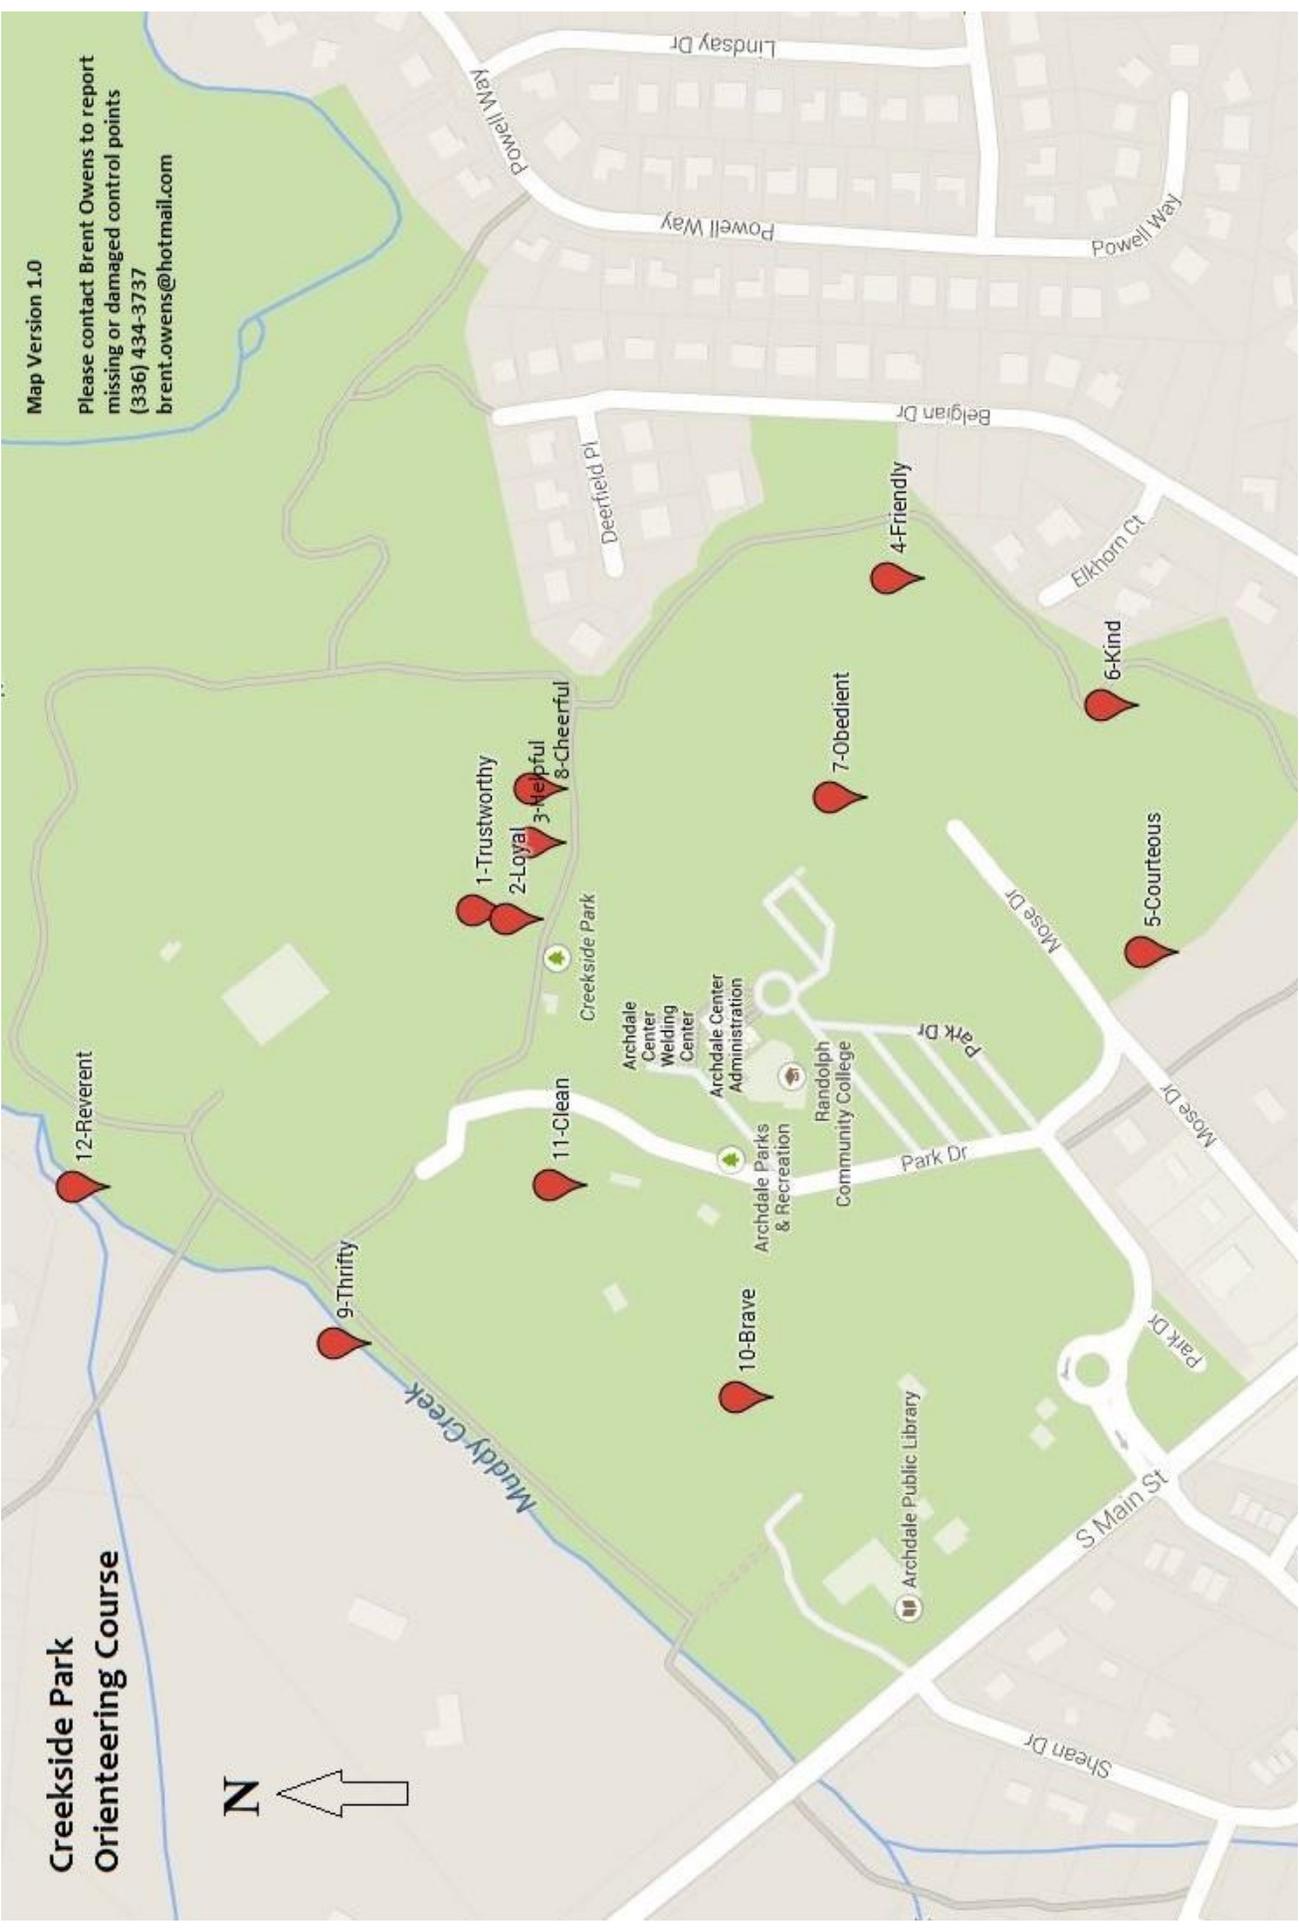

- The course starts from the post labeled as "1-Trustworthy".
- "1-Trustworthy" to "2-Loyal" is exactly 50 feet apart and can be used to measure the user's stride.
- Watch your distance carefully, otherwise you may get confused.
- Be mindful of your heading on the longer runs, a degree off can be a large distance over 1000 feet.
- The map on the back shows the control points relative to park features.
- For a challenge, run the course backwards by adding/subtracting 180 from the bearing (degree).
