<p>Overview The applicant, Cassandra Griffin, is seeking to rezone .6 acres of land at 703 Ashland Street from RS-5 (Single Family Residential - Guilford County) to R-15 (Single Family Residential - Archdale). The reason for the request is to be able to tie into Archdale Sewer which is also required to apply for annexation into the City.</p> <p>The property is surrounded by other single-family residential properties. The request is consistent with the Future Land Use Plan designation of Suburban Neighborhoods. The Suburban Neighborhoods place type is intended to both preserve the character of existing residential neighborhoods, as well as to promote the development of new moderate density neighborhoods in the City’s primary growth areas, in contrast with the more densely developed Urban Neighborhoods place type.</p>				

Decision Points

- A Consistency Statement will need to be read prior to approval.
- Any future development will need to comply with all applicable City ordinances.
- This request will coincide with a request for a Sewer Extension and Annexation petition
