Archdale City Council,

Thank you for considering me for placement on the advisory board for Archdale Parks and Recreation. I have lived in the Archdale/Trinity area for the past 15 years and frequent Creekside on a weekly basis. I went to East Forsyth High School and played baseball at Guilford College. My oldest son played baseball at Creekside for several years and enjoyed all the friendships he gained. I recently started working at Frist Citizens Bank and they are very big on community. I want to make sure that our parks and recreation continues to expand and provide support in any way that I can to make sure that happens. I look forward to having an impact in my community.

Best Regards,

Zachary Morgan
Vice President
First Citizens Bank
