Fire Hydrant Testing

The Guil-Rand Fire Department (GRFD) is required to test hydrants every year for proper operation. During these flow tests, the City of Archdale and the GRFD occasionally receive inquiries regarding discolored water. This results from water rushing through the main towards the hydrant during the test.

GRFD gives notice via their Facebook page when they are testing hydrants. If you notice that your water is discolored, run your outside spigot or your bathtub for approximately 3-5 minutes to clear out the line. Do not dry washed clothes if they appear to have rust stains on them. It's better to re-wash laundry if this occurs. If you have further questions or concerns, please call Customer Service at (336) 434-7341.

Join the Parks for **The Car Show for the Kids** at Creekside on May 6th from 8am - 2pm. All net proceeds go to Christmas for Children in need in the Archdale-Trinity Area. To register online @ www.archdaleparks.com.

Spring Litter Sweep

April 22nd, the Plan Archdale Committee (PAC) will be hosting its bi-annual Litter Sweep.
