Archdale Area Police
2024 Annual Support

Emergency Bulletproof Vest Project

Our Police Are Under Siege.

Please Help Provide Our Police Officers with
Lifesaving Bulletproof Vests and Training!

David Hinners

[REDACTED]

I hope you like the "I Support My Local Police" bumper sticker I've enclosed.

Please display it on your car or a window in your home to let the Archdale area police know you stand with them against the thugs and gangs . . . as well as against the dishonest media, anti-police politicians, and the "Defund the Police" movement.

I also hope you will give me permission to list your name as an Archdale CITIZEN SUPPORTER of America's local police.

To do this, please just sign and return the enclosed PERMISSION FORM.

We will then list your name on our website as a CITIZEN SUPPORTER of America's Local Police from the Archdale area.

Our police are under siege.

There are regularly over 55,000 violent assaults a year on police across America. Police officers gunned down in the line of duty are up over 20% since the anti-police riots of 2020 -- mostly fueled by dishonest news media coverage.

The "Defund the Police" movement and misguided politicians have rammed through drastic cuts to police budgets. As a result . . .

- o Police officers are resigning in droves.
- o Recruiting of new police has crashed massively because many schools and the media are teaching young people to be anti-police.
- o Violent crime has surged to frightening levels.

Alarminglly, police officers in many jurisdictions must buy their own

(Please continue letter on back)

bulletproof vests. Bulletproof vests can cost \$850 or more each.

And because most police officers are struggling to support their families on an officer's salary, many choose not to buy a vest or they buy a cheap one to save money. This is very dangerous for the officer.

According to the most recent information from the FBI, approximately 30 percent of police officers who are killed by gunfire each year are not wearing bulletproof vests.

So we at U.S. DEPUTY SHERIFF'S ASSOCIATION raise funds to supply high-quality bulletproof vests to America's police officers FREE of charge.

Also because of police budget cuts, police departments have had to cut training programs. As a result, new police officers are being sent into the field without the proper training. This often has deadly consequences.

We at USDSA help fill in this training gap. Our nationally acclaimed training teams travel the country to local police departments to teach officers reality-based survival skills -- including hand-to-hand combat and how to handle an "active shooter" situation.

Officers who have gone through our training programs have called them "lifesaving." We provide this training to police departments FREE OF CHARGE, along with FREE bulletproof vests and other safety equipment (such as road spike strips and Ballistic Helmets) when not supplied by the department.

USDSA relies on donations to provide lifesaving bulletproof vests, equipment and training to police that we know save the lives of many officers.

I hope you will contribute . . . so more police officers can return home to their families alive at their END OF WATCH.

Most of our supporters send donations in the \$20 to \$50 range. Though some of our supporters are able to send larger donations of \$100, \$500 and higher, our other great friends are making an equal sacrifice by sending smaller gifts of \$15 or even just \$10.

Your donation will help provide high-quality BULLETPROOF VESTS, equipment, and lifesaving training for an officer. I also know your support will really boost the morale of our police.

Thank you for answering my letter. I will anxiously look to hear back from you by return mail in the next few days.

Sincerely,

David Hinners

Executive Director, U.S. DEPUTY SHERIFF'S ASSOCIATION

P.S. Please be sure to sign and return the enclosed PERMISSION FORM to allow us to list your name as a CITIZEN SUPPORTER of America's local police from your area.

Any donation you can send will be used to help provide desperately-needed BULLETPROOF VESTS and equipment to our local police as well as lifesaving training. I'm sure you share my dismay that officers in many jurisdictions must buy their own bulletproof vests, plus don't have the basic equipment and training they need to do their job effectively and safely.

Thank you for doing what you can to support America's local police!
